# MAGIC

Grazie all'esclusivo effetto strobo, con Magic è possibile vedere in tempo reale le azioni sul pezzo in lavorazione.  
Gli speciali dischi forati infatti girando velocemente, consentono la visuale al di sotto della placca di protezione.

*With its strobo effect, Magic allows you to see what you are doing on the worked piece. The fast spinning of its special discs with holes allows you to see under the protection cover*

CODICE **887418**

PART NUMBER **887418**

## DATI TECNICI / TECHNICAL DATA

n° giri: da 900 a 2700 giri/min  
Peso: 6 Kg

Speed: from 900 to 2700 RPM  
Weight: 6 Kg
